

Pre-Trip Preparations Checklist

India Horseback Riding Tour

[STRONGLY RECOMMENDED] Secure Trip Cancellation Insurance: Purchase through [Wild Women Expeditions](#), your travel agent or another provider. Wild Women Expeditions recommends that you obtain adequate coverage for cancellation and curtailment, and loss of luggage and personal effects. Your deposit and final trip balance can then be recovered via a claim to your insurance provider in the event you must cancel your adventure due to unforeseen circumstances within 90 days of departure.

Secure Medical and Travel Insurance (required). Medical insurance is compulsory for all Wild Women Expeditions trips if you are travelling outside of your country or province of residence. Travel Medical Insurance must include adequate coverage for;

Coverage for your transport to the nearest, appropriate medical facility in the event of injury. Where most of our trips take place in remote locations, coverage should include helicopter evacuation/air ambulance etc. and coverage for your medical repatriation for further treatment or returning your body home.

Cover emergency overseas medical treatment including treatment in a clinic or hospital, plus medicines as prescribed by your treating doctor to get you well and keep you travelling.

We recommend coverage for \$200,000 USD
