The Camino de Santiago Hiking Adventure Packing Checklist

 **Trip Prep Tip:** Before your trip, become well-acquainted with your gear—especially your hiking boots, poles (if desired) and backpack. Wear your day pack on training hikes and gradually increase the weight that you are carrying so when you strike off on day one, your pack feels snug like your favourite pair of jeans.

 **Fabric Note:** We recommend that you choose multi-purpose, quick-dry clothing such as Patagonia Capilene (recycled polyester fabric) base layers and merino wool socks. Proper layering is essential! You can bring cotton or denim items but be aware that they won't be easy to wash or dry.

 **Gear Tip:** On the Camino, your socks and hiking shoes or trail runners will be your best friends. Invest in the very best (socks and friends) and make sure your footwear is well-loved before your trip. Merino socks (like Smartwool, Darn Tough) will be essential to your happiness in blister prevention. These wool socks are quick-dry and come with a stink-free guarantee! If you plan on washing socks during your Camino, pack two diaper pins so you can attach damp socks to your pack to dry as you walk. Alternatively, you can use the cinch features on your backpack in the same way.

 **Luggage Notes:** Checked luggage can get lost or delayed on the way to any destination. Prepare for this possibility by wearing items that are essential to your Wild Women Expeditions adventure. In your carry-on, pack a light jacket, change of clothes, snacks, toiletries, water bottle, medications, camera, and all paperwork. All of this can stay in the support vehicle while you're hiking.. Depending on group size, luggage space in vehicles can be limited - please use a small-medium sized suitcase or duffel on rollers, and do not pack more than you can carry.

 **Hot tip:** Always check the weather in your destination in the week leading up to your trip!

Below is a list of required, recommended and optional items to bring on your Wild Women Expeditions adventure. This list is provided as a guideline and is not exhaustive, nor do you need to bring everything on it (unless it is *required*), if you know you will never use it - think about how you travel and what works best for you.

Required Items

- Main luggage: small-medium sized suitcase with rollers (soft or hard sided is fine), or travel duffel with rollers; travel backpacks are fine too (40-60L), but keep in mind that you need to carry this along with your day pack
- Daypack: Choose one with supportive shoulder straps and a waist-strap. It should be large enough for a water bottle, packed lunch, raincoat, fleece and camera/phone. Recommended size: no larger than 20L. A rain cover for your pack is recommended too—make sure it's of the appropriate size. 20L is the max size you can take into the cathedral on the last day
- 1 pair of tried-and-true hiking boots/trail runners/runners that are well-loved and broken-in (if you prefer the ankle support). Lightweight and breathable footwear with rugged soles are key (bring a pair of spare laces too). KEEN, Merrell, Vasque and Salomon brands are popular for good reason. Trail runners like La Sportiva are a great alternative as well.
- Hiking socks for each day of your hike or you can rewear wool pairs easily. Or, hiking socks and toe liner socks if blisters start forming. (Darn Tough or Smartwool are recommended brands)
- Rain gear: a lightweight poncho or waterproof hooded windbreaker and waterproof pants
- Water bottle (1-2 L) with a carabiner (to attach to your pack) or other hydration system (Camelbak, Playtypus)
