

Iceland Horseback Riding Adventure Packing Checklist

Fabric Note: We recommend that you choose multi-purpose, quick-dry clothing such as merino wool or Patagonia Capilene (recycled polyester fabric). Proper layering is essential! You can bring cotton or denim items but be aware that they won't be easy to wash or dry.

There are no laundry facilities available throughout the trip.

Luggage Note: Checked luggage can get lost or delayed in transit. It's wise to wear all the items essential to your trip on the plane (ie. riding boots, fleece) and pack your raincoat, waterproof pants, camera/phone, paperwork and medications in your carry-on. If space permits, pack a change of socks, underwear and an extra t-shirt.

Weather Note: Weather in Iceland can change from moment to moment. Be prepared for everything from rain and wind (often together) to warm sunny days.

Below is a list of required, recommended and optional items to bring on your Wild Women Expeditions adventure. This list is provided as a guideline and is not exhaustive, nor do you need to bring everything on it (unless it is *required*), if you know you will never use it - think about how you travel and what works best for you.

Required Items

☐ Main luggage: suggested small-medium sized suitcase with rollers (soft or hard sided is fine), or travel duffel with rollers; travel backpacks are fine too (40-60L), but keep in mind that you need to carry this to your accommodations and pack it into a small enclosed trailer while travelling.

	Riding Boots: you will be wearing these for 90% of your trip! Make sure they're disinfected or new. You may want to add a waterproofing sealant if they're leather, or look for boots with a Gore-Tex layer. Rubber boots are ok, but your feet will sweat!
	Pair of slippers/crocs/sandals: To wear inside huts / guest houses / cottages and the hotel.
	Wind/Waterproof Jacket: Rubber rain gear is supplied, but it's nice to have another jacket to wear at the huts and while sightseeing (that doesn't smell like horse).
	Fleece/down jacket and/or wool sweater: one or two. Something nice and warm for cold days and nights. Consider having 1 for riding (a.k.a. being dirty and smelling like a horse) and 1 for relaxing in the evenings (a cleaner one!).
	Water bottle
	Sleeping bag
