

Haida Gwaii Sailing Adventure

Packing Checklist

🛖 **Gear Note:** We want you to be super Girl Scout-prepared for this trip! If you are unsure about any of the items on this list, ask us! Or, talk to the staff at your local outfitter. They love to chat about gear and will expertly kit you out!

👕 **Fabric Notes:**

- Plan to dress in layers to accommodate changes in weather: quick-dry base layer (i.e. merino, polypropylene) + thermal layer (i.e. fleece, wool, down) + outer waterproof/windproof layer (i.e. Gore-tex).
- Please check to ensure that your rain gear is completely waterproof (not just water resistant) and strong enough to stand up to wear. This is essential to remain comfortable in windy and wet conditions.
- Remember cotton takes a very long time to dry.

☀️ **Hot tip: *Always check the weather*** in your destination in the week leading up to your trip!
