Packing Checklist

 **Fabric Note:** We recommend that you choose multi-purpose, quick-dry clothing such as Patagonia Capilene (recycled polyester fabric) base layers and merino wool socks. Proper layering is essential! You can bring cotton or denim items but be aware that they won't be easy to wash or dry.

 **Travel tip:** Checked luggage can often get lost or delayed in transit. It's wise to wear all the items essential to your trip on the plane (ie. hiking boots, fleece) and pack your raincoat, waterproof pants, camera/phone, paperwork and medications in your carry-on. If space permits, pack a change of socks, underwear and an extra t-shirt.

 **Hot tip:** Before your trip, become well-acquainted with your gear—especially your hiking boots/shoes, poles (if desired) and backpack. Wear your day pack on training hikes and gradually increase the weight that you are carrying so when you strike off on day one, your pack feels snug like your favourite pair of jeans!

 **Hot tip:** Always check the weather in your destination in the week leading up to your trip!

 **Luggage Transfers:** On this trip, there will be two luggage transfers where you will not have your main luggage with you for a total of 5 nights (Nights 2 & 3 and Nights 8, 9, 10). On these nights, you will need to pack a minimum amount of gear that you will carry with you in your day pack (i.e. your regular day-pack items + essential toiletries and a minimal change of clothes). Your guide will provide you with clear instructions on what to pack the night before your luggage will be transferred. You may want to pack an additional packable/foldable tote bag to carry additional items on nights you do not have your main luggage.

Below is a list of required, recommended and optional items to bring on your Wild Women Expeditions adventure. This list is provided as a guideline and is not exhaustive, nor do you need to bring everything on it (unless it is *required*), if you know you will never use it - think about how you travel and what works best for you.

Required Items

- ☐ Main luggage: suggested small-medium sized suitcase with rollers (soft or hard sided is fine), or travel duffel with rollers; travel backpacks are fine too (40-60L), but keep in mind that you need to carry this along with your day pack. You will be using public transportation (i.e. rail) during this trip and will be responsible for carrying your own gear during travel (please do not pack more than you can carry!)
 - Suitcase weight limit: 55 lbs
 - The total dimensions of the bag when you add the bag's external length, width, and height should be no more than 62 inches. (For example, a piece of soft-sided luggage that measured 25 x 18 x 14 would have total dimensions of 25+18+14 or 57 inches and be within these size limits).
- ☐ Daypack: A 20L-30L pack should be sufficient for your personal items. Choose one with supportive shoulder straps and a waist-strap. It should be large enough for a water bottle, raincoat, extra layers, camera/phone, snacks, and essential overnight items.
 - **Important Note:** there are 5 nights on this trip (Day 2, 3, 8, 9, 10) where you will pack essentials only in your day pack, and your main luggage will be shuttled to Kyoto while you walk the Nakasendo trail and visit Ise, and when you are on the Oki Islands and at Mount Daisen.
- ☐ A rain cover for your pack is recommended too—make sure it's of the appropriate size.
- ☐ 1 pair of lightweight breathable hiking boots that are well-loved and broken-in (if you prefer the ankle support). Trail runners are a great alternative as well, but lack ankle support.
- ☐ Waterproof, breathable hooded rain jacket AND pants
- ☐ Water bottle with a carabiner (to attach to your pack), Camelback or similar to carry 1-2L per day.
- ☐ Rubber tips if you are bringing your own hiking poles
